Jula

(Dyula)

of Burkina Faso

language: Dyula
primary religion: Islam
population: 2,190,000

Strategically important because they travel widely

- More than half of Julas are under the age of 15 and few live beyond the age of 45.
- Many are involved in trade as their culture developed along the trade routes to the Ivory Coast.
- The fact that many travel widely due to their involvement in trade makes this a strategic people group in the spread of the gospel.
