

HASALARU

Population: 25,000

Religion: Hinduism

Christian: 0%

Language: Kannada

The Hasalaru are one of the Scheduled Castes, also known as Dalits, which are the untouchable caste in the Indian caste system.

Dalits were commonly banned from full participation in Indian social life. They were physically segregated from the surrounding community. For example, they could not enter a temple or a school and were required to stay outside villages. Other castes took elaborate precautions to prevent incidental contact with Dalits.

Pray for the status of the Hasalaru, that they would be accepted into Indian society and be given the same opportunities and benefits of other castes.

Pray the Hasalaru would find love and acceptance in Christ, that they would find their self worth and value in Him, not in their social status or caste.
