UNLEASHED⁴THE UNREACHED

PACE

Pray • Activate • Commit • Enlist

U4theU walks you through the entire PACE process while you:

- choose an unreached people group
- take a vision trip to your chosen group
- create a master plan for starting a CPM among them
- assemble an on-field team
- train your on-field team in evangelism and church planting strategies
- help your church stay involved and active in the project

U4theU

Unleashed for the Unreached

Our goal is to connect churches and individuals with the vision, opportunities, coaching, resources, and tools to accelerate the fulfillment of the Great Commission (Matthew 28:19-20).

There are still 6,500 unreached people groups in the world. That's over 3 billion individuals.

U4theU uses a strategy called PACE to connect churches like yours to these unreached people groups, then helps as your church starts a CPM (church planting movement) among them.

This isn't a new missionary to support or a check to write every month, this is a revolutionizing shift in your church's approach to missions.

Your church will be the front lines; the first and only opportunity for the unreached to hear the gospel.
